# MIAMI BEACH

TRAVEL GUIDE

# MUST SEE

## SOUTH BEACH

The huge, sandy beach is perfect for families to enjoy during the day, and the oceanfront city becomes a world-famous party area at night. I always spend the majority of my time in Miami here, just relaxing and swimming at the beach. You can also see some incredible volleyball matches being played on the courts in Lummus Park!

## WYNWOOD DISTRICT

The Wynwood District is famous for beautiful murals on every possible surface around, but it also offers a ton of great shopping, restaurants, and clubs! Check out the art by day (incredibly Instagram-able), and come back at night to party!

## ART DECO DISTRICT

Miami is famous for its Art Deco architecture, and there is plenty of examples of it to see - especially in the Art Deco District (see photo in bottom corner). I'd recommend grabbing your camera (or phone) and doing a morning photoshoot before the sun gets too hot.

## COCONUT GROVE

Perfect for more relaxed shopping and dining than South Beach, Coconut Grove is also home to several historic landmarks. Plus, they have wild Peacocks roaming the streets!
